The Honorable Steve Scalise
Chairman
House Republican Study Committee
2338 Rayburn Office Building
Washington, DC 20515

Dear Chairman Scalise:

On behalf of the American Conservative Union, I am pleased to support your amendment to the REINS Act. As you state in the amendment, a carbon tax would greatly burden consumers with higher energy prices and lead to lower economic growth and fewer jobs for no good reason. We believe it is important the House go on record against this regressive tax and urge a vote for your amendment with its language intact.

Sincerely,

Larry Hart
Director of Government Relations
American Conservative Union
